

MHP Banned Breeds

These photos don't represent the coloring combinations possible with the breeds. Please use these as a guideline as to animal shape only.

These breeds are all well over the 30 pound limit so should not be allowed to move in under any circumstances unless it is a service dog or assistance dog.

Remember our rules state these breeds or any mixed breed including one of these breeds in its lineage. So if it *looks like* one of these breeds it can be banned from the park or require the \$1,000,000 insurance policy.

If you have any questions as to the animal's breed - such as you think it looks like a pit bull but the tenant insists it's a beagle, then you should require a veterinarian's signature acknowledging the breed.

Rottweiler	
Chow-Chow
